**Statement by OEMC Executive Gary Schenkel
Regarding the Death of a 911 Police Dispatcher**

On behalf of the Chicago Office of Emergency Management and Communications, we are shocked and deeply saddened to learn of the death of a female Police 9-1-1 dispatcher this morning. The dispatcher was driving home after her shift when she was struck and killed by another driver early this morning.

We are not releasing the dispatcher's name at this time pending the notification of next of kin. I also ask that the media respect the family's privacy during this difficult time.

She was 42 years old and had worked at the OEMC since December 1996. According to her coworkers and supervisors, she was the nicest, most positive person you would ever want to meet.

We extend our deepest sympathy to her family. Grief counselors will be on site to assist OEMC employees.
